On behalf of the CPSDA Board of Directors I wanted to express CPSDA's organizational support for the Alliance to protect young athletes via the Youth Sports Safety Alliance (www.youthsportssafetyalliance.org).

Our CPSDA Professional Members are in the trenches of athletics advocating for the right to feed in the face of a cost containment culture and the ongoing battle with PED's. We are already a supporting organization with the Professionals Against Doping in Sports (PADS).

We are also very much engaged in the Long Term Athletic Development (LTAD) with NGB's like USA Hockey and organizations like the American Orthopaedic Society for Sports Medicine's STOP Sports Injuries campaign (www.stopsportsinjuries.org/About.aspx).

Let us know what we can do to help.

Sincerely,

Dave Ellis
