Carrollton TX 75006

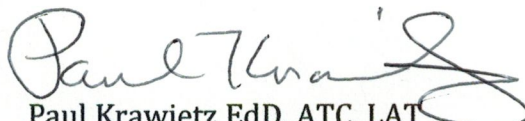

Dear Ellen:

It is with pleasure that the Athletic Training Education Program at The University of Texas at Arlington writes to support the Youth Sports Safety Alliance founded by the National Athletic Trainers' Association. We support your efforts to raise awareness, advance legislation and improve medical care for young athletes across the country.

As educators for the future generation of athletic trainers we embrace your Calls to Action especially ensuring that youth athletes have access to health care professionals who are qualified to make assessments and decisions.

We are excited to see the growth and impact of the Youth Sport Safety Alliance and support your efforts to continue to impact society. We look forward to assisting their endeavors.

Sincerely,

  
Paul Krawietz EdD, ATC, LAT

  
Cindy Trowbridge PhD, ATC, LAT

  
Meredith Decker MS, ATC, LAT
