Dear Ms. Albohm:

Sickle Cell Foundation of Palm Beach County and Treasure Coast, Inc. (SCF) is pleased to learn that the National Athletic Trainers' Association has formed the Youth Sports Safety Alliance. Your focus of preventing catastrophic injuries and deaths among children involved with sports is commendable.

As an organization that provides education and supportive services to children and families, SCF understands the importance of sports to children. As an organization, we are also aware of some of the challenges that sports can present to our young clients. By taking a proactive approach, as Youth Sports Safety Alliance is doing, our youth can learn to overcome the challenges and become quite competitive in their particular sport.

Sickle Cell Foundation of Palm Beach County and Treasure Coast, Inc. is pleased to collaborate with the Youth Sports Safety Alliance in preventing catastrophic injuries and deaths among children involved with sports.

Sincerely,

Yvette L. Coursey, DPA
